## COE International summer camps 2012, Togo, West Africa, 26 July- 02 August, 2012

Karoline and Princess (COE Chapter Leader Nigeria) were invited by Samuel AYIVI, COE Chapter Leader in Togo, in West Africa to participate the young people camp organized in Kouvé this August 2012. Many members of COE and others have taken part of the activities of the event such as music, sports, and teachings on the Divine Names of God, and environment. For the environmental program we did a project which consist of pick up plastic rubbish to make bench with the plastic we put in the plastic bottles. We had an important debate with theme: “the union and the collaboration of COEs of Africa. Thirty two (32) young people filled with the spirit of love were at Kouvé, this quiet and peaceful village. Every morning we’ve started the day with a meditation combined with music.

**We can say that this camp has been successful because the participants and the people of the village have taken the engagement to keep working on the environmental project and to live in harmony with the nature and to continue to build a peaceful world. We thank God to assist us all long the camp. We are grateful to have Karoline and Princess among us. They helped a lot in the organization of this camp and we hope to see them again next time. Once again thank you all.**
