

RAPPORT D'ACTIVITEE COE TOGO.

We are pleased to present the activity report, a year of success. Togolese villagers are still more likely to benefit from help to heal, train and carry out development activities.

The sharing of Peace and Love messages particularly focuses a lot of our efforts and resources. We felt great joy during our humanitarian missions because whole villages adopted the discipline of peace and to share their Love to each other.

Schooling and education are also important to us and many children and young people need support.

We took the decision to reinforce the aid for the development of small-scale, agro-Village pastoral, cultural, musical and educational. The COE TOGO team, determined and motivated, does a remarkable job. A year of success and success that encourages us to look to the future with confidence to relieve the greatest number of villagers in their daily difficulties.

MISSION OF HELP, MESSAGE OF PEACE AND LOVE

We made a humanitarian trip to the village of Vogan, where we saw and found many difficulties. We met orphaned children and abandoned children in the streets, you can imagine their condition, very difficult to describe. For this we have the opportunity to give them clothes and foods and a lot of smile..

Here is the village chief on the left side of the girl in blue clothes who supported us and gave us all permission to work in her village.

We also provide support to older women and men

MUSICAL TRAINING AND CULTURAL ACTIVITY

ÉDUCATION AGRO-PASTORALE

To accompany parents, children and young people, or to create agricultural employment for its young people in the village of Davié, we have developed an agro-pastoral educational project. So we have a corn crop together to fight hunger in this village
