

BEST 9TH UNEP ECO GENERATION AMBASSADORS AWARD GOES TO Simran Vedvyas- COE Chapter Leader UAE

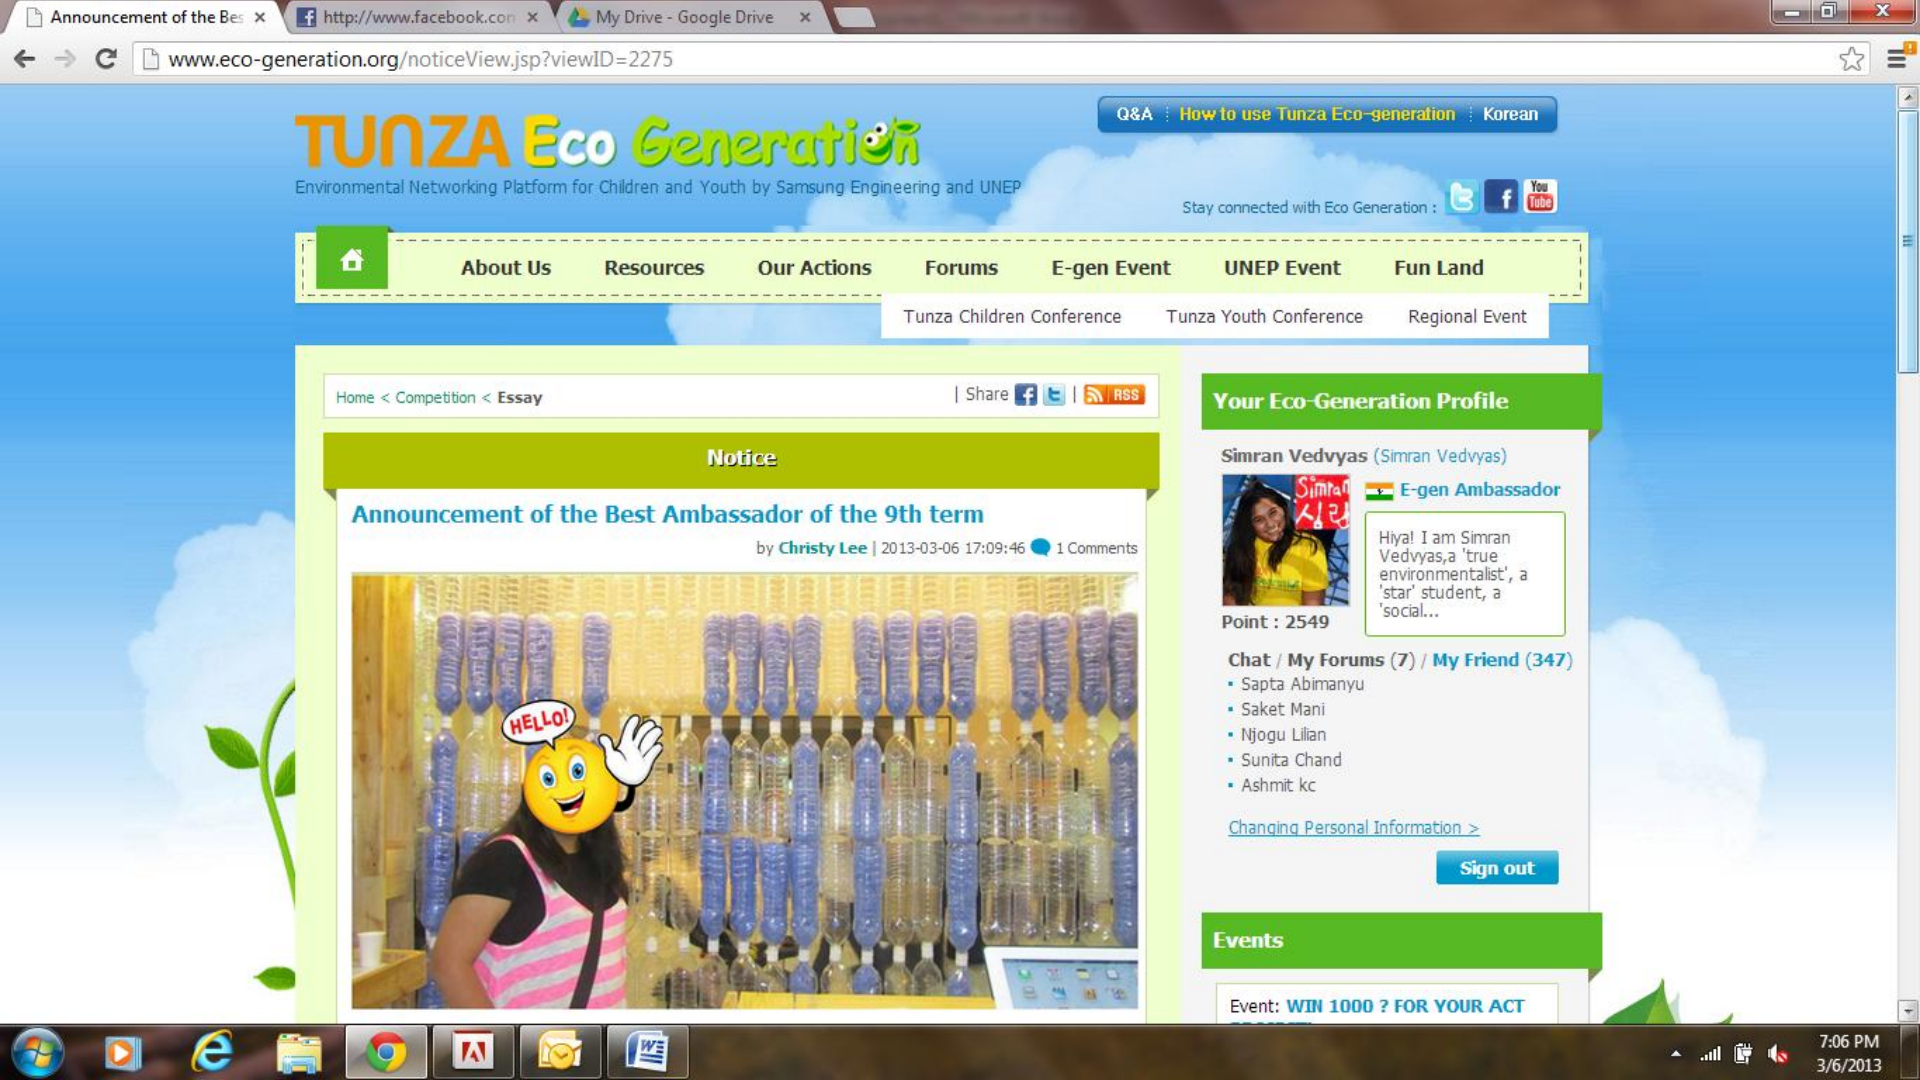

Another BIG honor bestowed upon me by Tunza Eco-generation
I am happy to share this

Friends, we all know that UNEP and Samsung Engineering provide children and youth with the beautiful social networking platform which is so interactive and a vibrant site presenting all with various possibilities engaging youth, children and sport organizations from various portals countries and where children and youth are able to upload/update their environmental activities which goes live online after it has been cleared by the administrator of the platform.

**I AM SO HONORED AND HAPPY TO BE CHOSEN AS
THE BEST AMBASSADOR FOR 9TH TERM UNEP ECO
GENERATION**

Thank You All

WHEN I SAW THIS PICTURE- I thought Oh! What a cute use of my picture

Dear Eco-generation friends,

As our first notice of the 9th term of Ambassador Program, Eco-generation Team would like to announce **the Best Ambassador of the 9th term.**

It is a very hard work to just pick 1 ambassador among so many passionate, hard-working ambassadors.

So we applied 2 the most important criteria on the selection.

- 1. How many qualified articles he or she had uploaded**
- 2. How many activity points had accumulated.**

Now, we would like to open the result!

to check the Best Ambassador for the 9th term, please click the link below:

<http://www.eco-generation.org/ambassadorFormerView.jsp?viewID=2274&searchType=&searchName=&pageNumber=1>

WHEN I READ THESE COMMENTS I GOT CURIOUS TO CLICK ON THE LINK AND FIND WHO THE LUCKY WINNER WAS !

Tunza Magazine

WHEN I SAW MY NAME I WAS SO HAPPY

Simran Vedvyas!!!

She had uploaded 38 well elaborated articles and passionately promoted TUNZA Eco-generation through many environmental events. Also she was always on the list of Best Article of the Month.

She will be given the **SAMSUNG 1TB R-HDD memory station** as the Award.

Dear Simran.

We would like to give you the certificate for the successful completion of your duty as the 9th Eco-generation Regional Ambassador. Please find the attached file.

The file has been made in PDF format and we don't provide hard copy to reduce CO2 emission.

We appreciate to your endless effort and heartedly written environmental reports a lot. Your devotion to promote TUNZA Eco-generation and to raise the awareness on the environment has enriched TUNZA Eco-generation with many networks and environmental knowledge.

Please keep going on your green moves and let us hear from you often.

Thank you!

Warm regards,

Eco-generation Team

THANK YOU ECO GENERATION FOR THE LOVE AND AFFECTION AND CHOOSING ME- I AM HONOURED

Tunza Eco-generation

UNEP and Samsung Engineering propose that the social networking platform be an interactive and vibrant site presenting various possibilities to engage youth, children and sport organizations from various portals (webpage's with dynamic functions where children and youth are able to upload/update their environmental activities which will then go live online after it has been cleared by an administrator of the platform, possibility of working on documents and editing of the same can take place online; various tutorials between experts and young people; voting functions/processes on various competitions, databases for various children, youth and sport processes).

MOU Signing ceremony between Samsung Engineering and UNEP in Bandung, Indonesia
