Children of the Earth Launches “Global Heart for Oneness” Project

by Nina Meyerhof

Children of the Earth (COE), founded by Dr. Nina Meyerhof in 1990, invests in youth from around the world to become spiritually conscious leaders, through personal and social transformation for the advancement of a peaceful and sustainable earth. Young people are inspired to explore their inner life, be socially responsible and unite in peace building. The intent is to instill and cultivate the concepts of global cooperation, multicultural understanding, spiritual values and ethical living.

Children of the Earth’s programs focus on building the youth spiritual movement for world consciousness. The organization’s diverse undertakings include educational, interactive and

interfaith gatherings, working with local community groups to develop self-sustaining projects and providing young people with a virtual platform designed for positive social exchange. COE has worked in over 60 countries and reached 15,000 individuals through youth inspired action.

Phase I: The Oneness Project

COE is convening 12 master level youth Spirit-Ambassadors: COE alumni who have known each other throughout many years. They have agreed to unite daily in meditation with COE elders. All regions of the world are represented including Ghana, Israel, Nepal, Pakistan, United Kingdom, Canada, United States, Romania, Nigeria, Australia, Korea and Japan.

Each of the participants has practiced diverse types of meditation, but this will be a specific process adapted by and for them. They will journal their experiences and interviewed regularly. Their reflections will be posted on the COEWORLD website and on social media to promote the movement and inspire others to join. As more youth join the project, the 12 lead youth will become mentors to new members, causing a ripple effect in youth consciousness to flow. COE's role is to synthesize this creative energy and to allow the love, light and unity of the youth movement to heal the Earth, awaken humanity and to build sustainable world peace through Oneness.

Phase II: Global Heart Campaign

The Spirit-Ambassadors Oneness project will become the heart for COE's long-dreamed about interactive website to help grow the spiritual youth consciousness movement. This open-sourced website, SpiritYouth.org, is to connect the planet's youth in mind and heart. The world-wide-web has united the world through the global mind, and COE believes its time to build the global heart.

The SpiritYouth.org Platform will offer modules, seminars and tutorials to foster the idea of the inter-connectivity of all people, all life. The site will promote and teach youth to foster the ability to learn from each other, practice various types of meditative forms together, have adult mentors to further their knowledge base of spirituality and science intersections. It will be a spiritual home online for all youth. Mentors from a variety of traditions will share and facilitate teachings grounded in accountability and reverence for all living things. International spiritual thought leaders and

social activists will be featured in articles, interviews and live webinars. A section will be offered on social projects rooted in the principles of spirituality and unity consciousness. It will bring awareness and potential funders to assist SpiritYouth programs.

The Global Heart Campaign launches COE's interactive website and capacity building plans for COE's future.

Great Invocation

**Adapted for Children of the Earth Group Meditation
"From I to We to ONE"**

From the point of Light
within the mind of Oneness
Let Light stream forth into our minds
Let Light descend on Earth.

From the point of Love
within the heart of Oneness
Let Love stream forth into our hearts
May Love increase on Earth.

From the center
where the will of Oneness is known
Let purpose guide our wills
The purpose which the Holy Ones know and serve.

From the center
which we call humanity
Let the Plan of Love and Light work out
And may it seal the door where darkness dwells.

Let Light, Love, and Unity heal our world
Let Light, Love, and Unity awaken humanity
Let Light, Love, and Unity cultivate peace and harmony on Earth.

(Adapted from "The Great Invocation" given to Alice Bailey via Master D.K. in 1945)

Children of the Earth inspires and unites young people, through personal and social transformation, to create a peaceful and sustainable world.

One Earth...with all her Children smiling!

If you are planning for a year, plant some rice.
If you are planning for ten years, plant a tree.
If you are planning for 100 years, open a school.

Nina Lynn Meyerhof, EdD, President and Founder of Children of the Earth, has made a life of advocating for children and youth. The co-author of "*Conscious Education: The Bridge to Freedom*" and handbook, "*Pioneering Spiritual Activism,*" these books stress inner revolution for social evolution for building a better world. She is recognized as an innovative educator committed to global responsibility through authentic learning. Nina has received many awards for her work from The Mother Theresa Award to the Citizens Department of Peace Award and The International Educators Award for Peace. The State of Vermont also passed a Resolution honoring her for her life's work in PEACE and Sage Award. Nina is building her legacy and launching the next phase of Children of the Earth through these innovative programs and transitioning into the role as COE Founder, Spokesperson, Visionary and Fundraiser.
