

UNEP'S GLOBAL COORDINATOR FOR CHILDREN AND YOUTH

It was a momentous occasion when I was elected as one of the Global Coordinators of UNEP's Major Groups for Children and Youth. I took charge of my new position as the Global Coordinator during the Annual Meeting of the Major Groups Facilitating Committee.

In my role, I will seek for greater engagement and cooperation of my major group and stakeholders with UNEP thereby ensuring that we have a say in planning , policy making and implementation. The road to sustainable development must and will involve our aspirations.

Our major group is increasingly in focus and it therefore an honour when I was chosen to facilitate the interactive dialogue session of the Executive Director of UNEP with the Major Groups and stakeholders during the GMGSF (Global Major Groups Stakeholders Forum) in Nairobi, Kenya.
