

# CHILDREN OF THE EARTH NEWS

*Children of the Earth, founded by Dr. Nina Meyerhof in 1990, offers young people leadership skills programs, educational workshops and attendance at distinguished conferences. We instill the concepts of global cooperation multicultural understanding, spiritual values and ethical living.*

## POWERFUL WORDS

The forces of enlightenment are active now. These forces emanate from the heart of God and transmit divine understanding, strengthening those who serve humanity.

The first to be affected by them are the great educational movements, the forums of the people in all lands and the values which can unfold through the mass communications media.

As the new emerging ideas are recognized, they can then be directly channeled to influence the masses of the people everywhere.

--ALICE BAILEY

## YOUTH PROMOTING PEACE: 17 YEARS LATER

In 1994, hundreds of thousands of people were killed in Rwanda in what has become known as the Rwandan Genocide. During the course of 100 days, unspeakable acts of violence were committed against Tutsis and moderate Hutus, under the bewildered and paralyzed eyes of the international community. Neighbor turned against neighbor, destroying lives...

See what our youth are doing.

## COE NEPAL

From May 25th to June 2nd, Children of the Earth held "Transforming Spirituality into Action," an international gathering in Nepal. Executive and youth leadership organized the work, which included:

- Training: Youth Leaders in Spirituality
- Train the Trainers: Spiritual Activism

The trip was **MONUMENTAL** in a country where youth make up

June 1-4, 2011, Montpelier, VT -- The 13 Indigenous Grandmothers joined from North, South, and Central America, Africa, Asia, and Europe, representing a global alliance of prayer, education and healing for our Mother Earth, and all Her inhabitants. They brought with them a message of unity, wisdom and reverence for life.

Youth from Children of the Earth hosted a private conversation with the 13 Grandmothers, sharing their concerns and visions for the future.
